

I slept at 2 am and then woke up at 11:00 am. after waking up, I read a book and completed the newspaper. After a while, I ate my lunch which Aravind had prepared.in the afternoon, I took a nap and watched the web series for an hour or so. I woke up and had a bath, and started studying. One of my guests came and asked me to go outside with him. I went out and found out that It's a national holiday and everything is closed. We both went to the bar, had a drink, and went to the food restaurant. At 10:40 pm, we came home. Right now, I am writing this one. Once I am done with this, I will have to do my bathroom schedule. Once I am done with this, I will study for a bit.
