

I woke up in my relatives house and went to the bathroom and cleaned all my chores and spent the rest of the morning reading the newspaper and watching Valimai movie. The movie was quite good and after that , we had lunch and I waited upto 2:30 pm to clean myself. Because, today is the day, my mother and I are going to our home town. We said goodbyes around 3:10 pm and proceeded to the bus stand and caught the bus to rajampet. I slept all the way in the bus and when we came to rajampet , infront, the bus was coming and got into the bus, had no seats, standing all the way from rajampet to kodur. I had a bath and spent the time writing my two diaries and watching the IPL. I have to do my dinner, and I'm gonna watch some political videos which I downloaded a long way back.
