

I woke up at 5:30 am and got ready for my shift at 5 Hannah Avenue. I arrived on time and worked there from 8 am to 4 pm. At this time, I was not my best, and I was sometimes scared when doing the work. When I was coming back from work, It was one of the most arduous periods that I found very hard for me. Initially, google maps fucked me, and then the subway tore me apart and threw me under the subway. one of the worst days in my life. I came home after a decade of travelling. I ate some stuff, and then I did the laundry. Right now, I am writing this one. Once I am done with this, I will go down to bring my laundry, and then I will eat something. I have to sleep after that phase.
