

I did my daily chores, ate my breakfast, and read the newspaper in the morning. At around half-past nine, I realized I have to study and proceed to see whether my professor posted the question paper. To my surprise, he posted the paper and I informed my batchmates and I started working on that. I worked in the morning as well as some time in the afternoon. By the afternoon, I completed the exam and spent time reading the angels and demons book. after the bathing, I attended the class, saw the students, spoke to kethan, and studied security licence questions for some time. Right now, I am writing this diary.once I complete this, I will have my dinner, watch web series, brush my teeth, and submit my exam.
