

I did my brushing and prepared a tea for myself after I woke up. After I drank the tea, I started doing the 30 minutes walk while reading the newspaper on my mobile. It was around half-past nine when I had tiffin and studied one chapter of Elon Musk's biography book in the morning. The chapter was so big and It took my entire morning. In the afternoon, after I had my lunch, I spent watching the big bang series and studying the ER entity relations. At around 3 pm, I completed studying and watched some book recommendations. I downloaded 3 books from Z Library and started reading the ugly love book. While I was reading, we lost power because of heavy wind and rain. This is the first time we had rain and I enjoyed drinking tea watching the beautiful rain. I think we got rid of heat after watching and experiencing the wind and the rain showed us a beautiful afternoon. From the mid-afternoon to the 7 pm, we don't have power and at around 6:30 pm, I bathed while putting a candle in the bathroom. We got power at quarter past seven, then I prepared the dough for chapathi and I ate after a little bit of time. Right now, I have to go and brush my teeth and thinking of watching some youtube videos.
