

This was a day to forget some parts and remember the adventurous part I did. When I slept for the day, I didn't get sleep because of two things. First and foremost is I drank coffee and had a bad dinner. The second one is I completely loved and was immersed in the House Of Cards web series. Due to these reasons, I didn't get sleep. Initially, I was watching the web series on my mobile and later I shifted to the room with the tv and netflix. I watched the show till the morning. In the early morning, I made my brush, cleaned myself, had a bath, got ready, and waited for Dheeraj. He took some time to reach my apartment and I thought of using that time to read the daily quota of the book. I completed the daily quota of the book and he came in his friend's car. We went down and got into the car. we started our journey after buying water bottles from Walmart. We checked into the park, scanning everything, and I realized one thing after seeing this zoo is it's going to be one heck of a ride. I prepared for the day after applying sunscreen lotions, spectacles and various things. Slowly, we started, took breaks when necessary, ate food, and ordered the food from the shops. It took almost 4 pm to complete the entire zoo for us from the morning. I saw several things in the zoo, took a few photos, and showed them to my parents and my brother. I reached home at half-past five. I put the charge for the laptop, cleaned myself, and watched one hour of web series. After that, I was sleepy and came to bed

to take a nap for a couple of hours. I realized the time was not good to take the nap. I helped my brother in the kitchen to make dinner. We did it pretty quickly and ate after we prepared. Right now, I am writing this diary. Once I am done with this, I need to do my brush part, will spend some time on my mobile, and will have a nice sleep.
