

It was the mid-term in the morning and it was not easy to do the work. I got the answer from others and submitted it by editing that. In the afternoon, after I had my lunch, I took a nap I guess and at around 4 pm, I started going downtown with Arvind and Madhav. Madhav walked with me for all the orders I got and he explained all the things and took care of the directions. In the end, we came back home and I ate the food which Arvind got free from uber because his cycle battery was over and he doesn't require to deliver the order. It is not good according to me. The food was another country's people. I spent some time with Laxman in Dheeraj's room while he was fixing his luggage. I watched web series and sent my body to sleep.
